

## Forward Together in Hope

*Forward Together in Hope* is our Diocesan journey of renewal. It is about all of us, young or old; lay or ordained; in parishes, schools or housebound working together to explore and discern God's will for our Diocese. It is an invitation to every one of us to become closer friends and disciples of Jesus. It will not be an easy journey; in the words of Bishop Séamus, 'This could be painful, but there can be no growth without pain'.

At the end of the process it is likely that there will be significant change for many of us. Some communities may not be able to worship in their current church but will be able to thrive by joining with a neighbouring community. Other communities may discover a real sense of responsibility in relation to neighbouring communities. A key strength of the approach is that it is taking place in the same way across the whole of the Diocese. The entire process is firmly rooted in prayer and a real openness to the guidance of the Holy Spirit. The success of *Forward Together in Hope* depends on all of us playing our part and thinking beyond the limits of our experience and imagination.

## Preparing the Way

The first stage of the journey, *Preparing the Way*, involved raising awareness of the current position in our Diocese, including the reduction in the number of priests and mass-goers and the fall in income. Many of you will have seen this in the introductory DVD made available to lay representatives and priests in each parish with other resources. All of this information is available to everyone on the *Forward Together in Hope* website.

## Exploring the Way

The next stage of the journey, *Exploring the Way* is about involving and consulting with as many people as possible regarding the present and future of your worshipping community. It is also about identifying and celebrating what your

community does well and helping it to focus upon the things that will ensure that it can flourish into the future. When our communities flourish discipleship is nurtured.

## Parish Questionnaire and Data Pack

A detailed questionnaire is now available and needs to be consulted on and completed by each community by the start of Advent (29<sup>th</sup> November 2015).

The questionnaire has 3 parts:

Part A – *A Picture of Our Community* - provides the opportunity to gather, explore and present facts and figures about a wide range of facets of parish life.

Part B – *Reflective Questions* – for open discussion by your community and the opportunity to highlight other issues and good practice (See overleaf).

Part C – *Our Community's initial thoughts and ideas about the future* – where your community is asked to provide its first thoughts about how it might move forward.

Accompanying the questionnaire is a Data Pack containing information unique to your parish.

## Getting Involved

It is likely that your parish will be arranging a series of open meetings to discuss the questions in the questionnaire. Please make every effort to attend and play a full part in these meetings. If you are not able to get there, please consider the questions overleaf and make your views known, verbally or in writing to the chair of the meeting.

The full questionnaire and a range of other documents are available to download from [www.hope.rcdhn.org.uk](http://www.hope.rcdhn.org.uk). The Forward Together in Hope Team can be contacted on [hope@rcdhn.org.uk](mailto:hope@rcdhn.org.uk) or (0191) 243 3304.

Please continue to pray for the success of *Forward Together in Hope*.
